

WHAT WOULD YOU DO IF WE GAVE YOU THE FINGER?

(No, not that finger!)

Clark & Lavey • 7 Henry Clay Drive • Merrimack NH 03054

THE RIGHT FINGER MAKES ALL THE DIFFERENCE.

Actually, we could use more than one finger to let you know all the ways that Clark & Lavey leads the competition for captives in the region. We'll be happy to count them off in person, but in the meantime, let us give you a quick rundown.

No other benefits firm around has the experience we do putting organizations like yours into group health captives, nor does anyone else have Clark & Lavey's track record of solid results, savings, and distribution of dividends.

We were the first to market, after two years of extensive research, and have kept at it, perfecting the process. We developed exclusive relationships with best-in-class partners that work to your benefit. And our unsurpassed reporting and analytics provide a level of control that keeps health benefits costs down while keeping your employees healthy and happy.

Find out more by using *your* finger to dial us, at 603-883-3773. Or use several of them, to email us at info@clarklavey.com. We'll be happy to come in and hand you the details.
